Sunday

Author's Notes:
Another quick drabble.

For me, Sunday is a mediocre day.
Though it never used to be.

Back home, Sunday was our day. We'd catch the bus into town and see if we could trick some guy into buying us a bottle of cheap vodka.
Sometimes, just sometimes, we were successful.

We would spend the evening in his garage, air thick with marijuana smoke, chugging down what little booze we could find. We'd forget who we were and what stopped our teenage hormones from going absolutely crazy.

Sometimes, if I was lucky, I'd wake up next to him.

Oh, how I miss those Sundays.
